

Mrs. Houston's Monday Memo

.....

What Kind of Learner Are You?

"The essence of knowledge is, having it, to apply it; not having it, to confess your ignorance." -Confucious

by **Amber Houston** on December 9, 2019

Can you believe that the *most wonderful time of the year* is here already?! Hopefully you have busy little elves getting everything ready for the anticipation of the winter season! At Lexington, we are finishing strong as we wrap up this first semester. We had a trainer come in and teach us about a new online program called Thrively which will serve as an amazing resource for our teachers and students. Students have or will be setting up their profile and taking a strengths assessment that will outline the best way they learn, their strength characteristics. It is a rad test they take that is providing not only our teachers with more about your kids, but also teaching the students more about themselves! Our counselors will be coming in to classes in January to go even further with this to arm our students with more tools and resources to find not only academic success, but also personal and emotional success! You can have your child log on and show you all about it!

Upcoming Student Activities & Reminders

- 12/9/19: Athletics at Ball JHS
- 12/10/19: Athletics Championships TBD
- 12/12/19: Choir/Guitar Shows
- 12/13/19: ASB Holiday Dance
- 12/14/19: Saturday Academy
- 12/16/19: Lion Paw Awards 11:30am-12:25pm
- 12/17/19: NO LATE START-REGULAR START TIME.
- 12/18/19& 12/19/19: Drama Shows
- 12/20/19: End of Quarter, minimum day. Holiday Student Show.
- 12/20/19: Deadline to apply for Tiger Woods Winter, 2020 Session.

Unlimited Possibilities at Lexington Junior High School

THIS WEEK'S TOP STORIES

English 8 HP

Time for another Socratic Circle in English 8HP. Students are half way through Anne Frank's diary and have enough background information on the Holocaust to approach the next discussion.

Using *The Diary of a Young Girl*, by Anne Frank, class discussions/readings and current events, students will analyze a piece of Holocaust Art and connect it to the horrors of the Holocaust and the lessons it has taught the world.

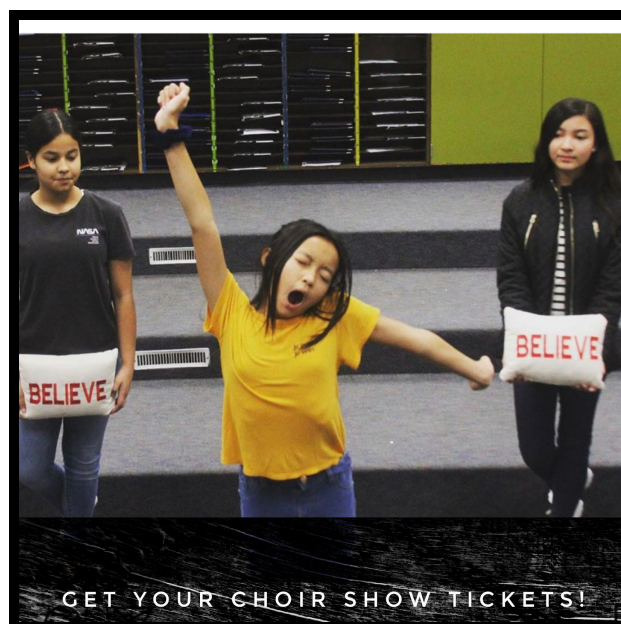

The guiding question is, "Why is it important to study the Holocaust and read Anne Frank's Diary? How would you respond to those who say learning about the Holocaust is a waste of time?"

Choir Gets Lit

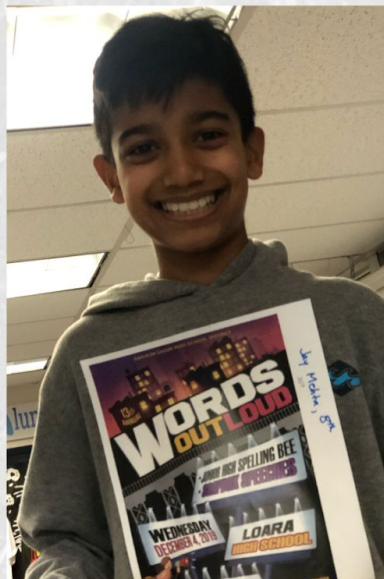

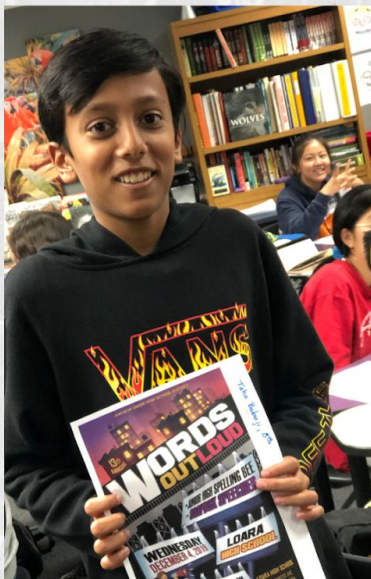

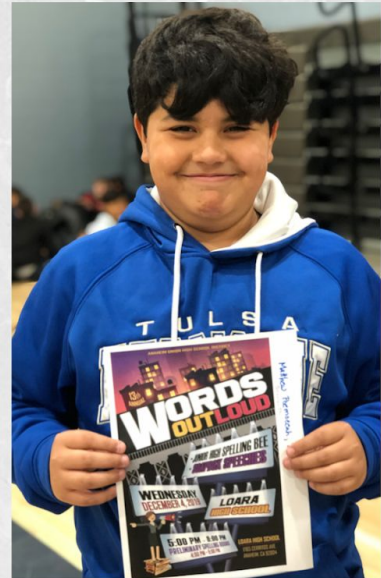

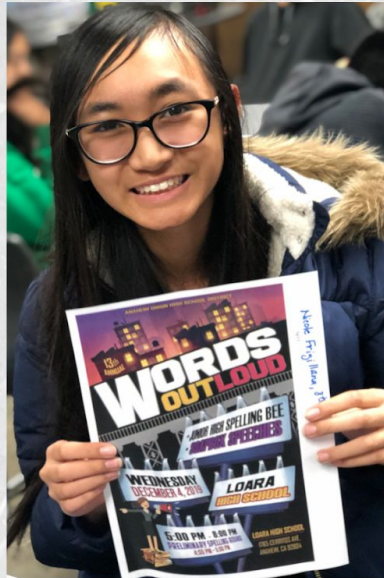

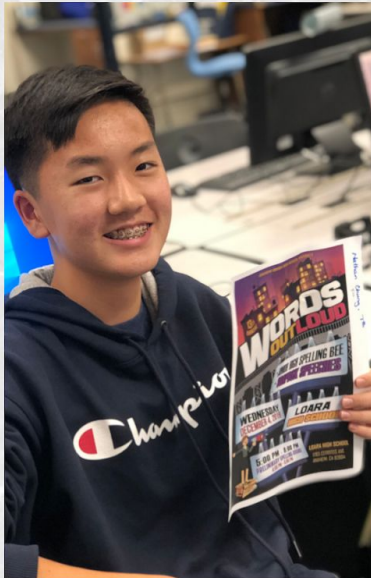

Our amazing choir lit up the city of Cypress tree lighting ceremony! Spreading holiday cheer for all to hear! And don't forget about the The Choir/Guitar/Dance Crew Show

Dec. 12th, shows at 6 & 7:30pm Tickets are \$1!

Spelling Bee

Congratulations to our Lexington finalists who competed for the district title at AUHSD Annual Words out Loud this past week! We are so proud of you!

**SPELLING
BEE

REPS**

Athletics Updates

All of our teams are undefeated so far this tournament season. We have some make up days due to rain last week and then Championships games. Way to go students...and the awesome coaches! Come out to support our girls soccer, girls tennis, and boys basketball!

Photo Goes Dark

Check out these photo students getting deep in lighting self portraits! Careers launch ---students got to be both the photographer and model for studio portraiture project!

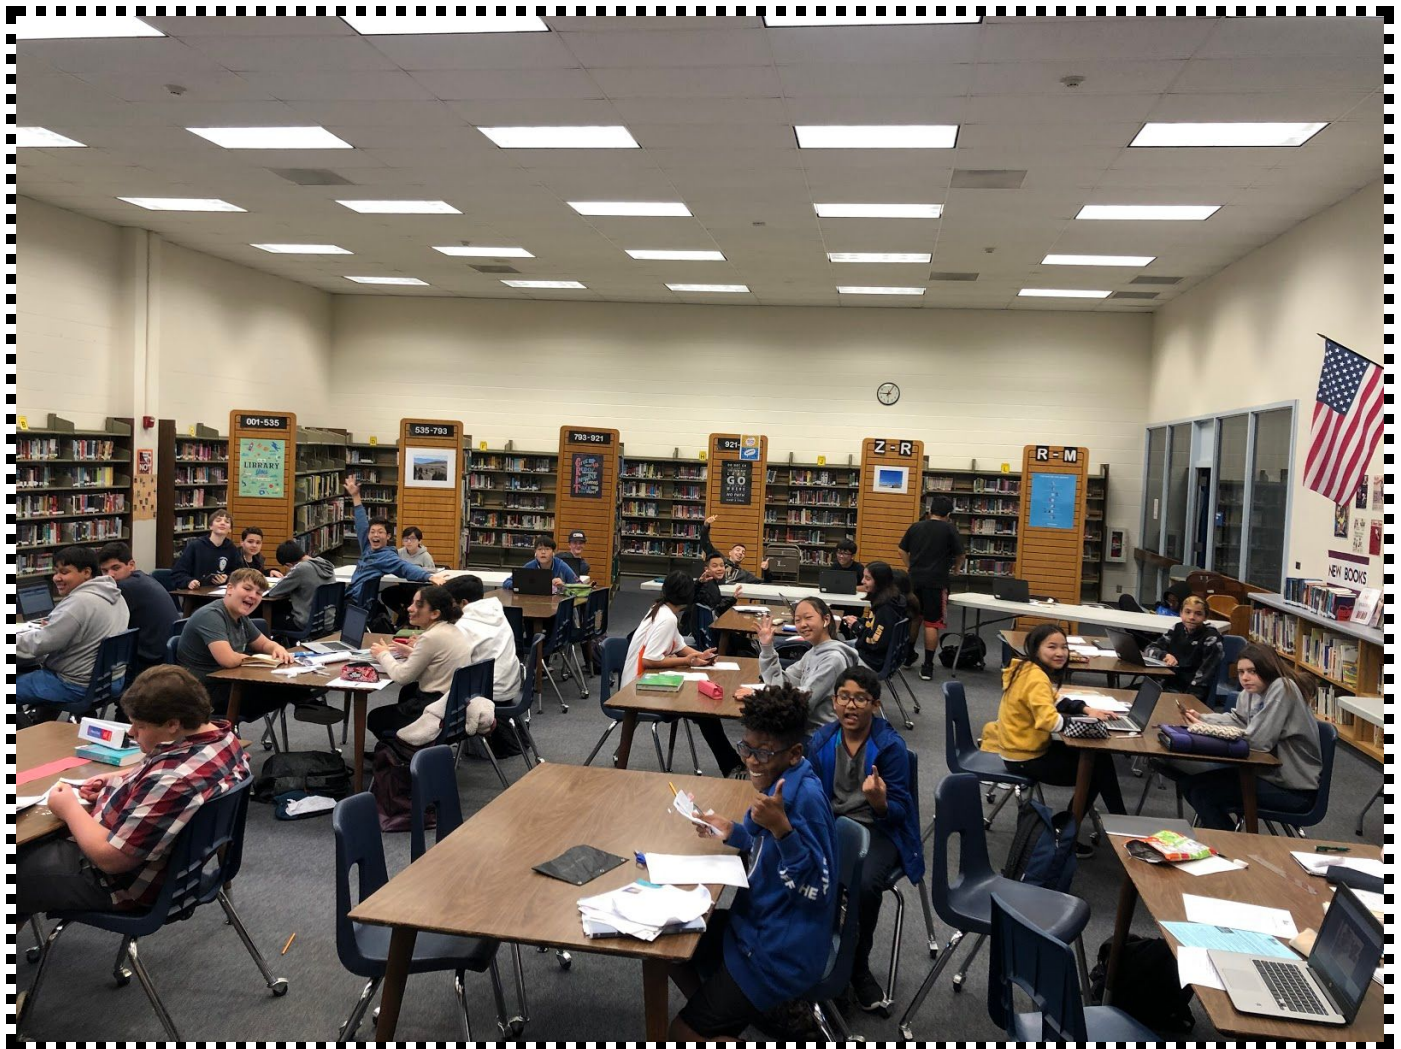

PE

Here is a quick picture of our Fit Tip Friday student of the day! She shared with us about healthy lifestyles on the morning announcements! I love that our PE classes incorporate literacy into their very active class!

Saturday Academy Madness

We had over 55 students attend Saturday Academy this weekend! Our Science department held a make up session tutorial where you attended you could get missing and late work updated! What a great way to use a Saturday morning right before grades ending in two weeks. We also had our photo student getting busy on our studio sessions and planning our new mural for our library! Thank you Mrs. Estelles and Ms. Hind for your time and dedication to our kids!

Announcements and Information for School and District

APPROVED

TGR LEARNING LAB WINTER 2020 MEMBER APPLICATION

January 6 – February 6
Application Deadline: **December 20, 2019**

Dear Prospective TGR Learning Lab Member,

This is your application to receive a scholarship to attend the TGR Learning Lab's five-week Expanded Learning Program. There is a one-time \$5 fee for an identification card once accepted.

There are three steps in the application process. Please follow all directions and use the checklist below as you complete each step:

- o Step 1: Select your course(s) and write a Personal Statement
- o Step 2: Complete the Registration Form
- o Step 3: Attach a copy of your most recent Report Card (quarter or semester)

Unfortunately, we do not have enough space to take every applicant. Therefore, it is very important that each section of this application be filled out neatly and completely. Incomplete applications will not be accepted. Please return the completed application to your school's designated location or mail to:

TGR Learning Lab
One Tiger Woods Way
Anaheim, CA 92801
714.765.8000

Thank you. We hope to see you at the TGR Learning Lab.

TGR LEARNING LAB MEMBER BENEFITS

ACADEMIC SUPPORT

TGR Learning Lab Members have an opportunity to receive academic support in a core subject as well as college preparation support from TGR Learning Lab staff.

Hours

Monday – Thursday
2:30 – 5:30 p.m.

GOLF PROGRAM

The TGR Learning Lab grounds include a 10-acre driving range and 18-hole putting course. Members have access to the driving range and can purchase balls for \$1 per bucket.

Hours

Monday – Thursday
2:30 – 5:30 p.m.

Saturday
9:00 a.m. – 4:00 p.m.

Friday
2:30 – 4:00 p.m.

GRADES 7-12
Monday/Wednesday

EV3 Robotics

Ever wonder what it would be like to create your own robot? Well wonder no more! In this class, you will have the opportunity to exercise your creative mind to design, build and program you robot to perform different challenges such as a maze challenge, sumo competition and much more.

Marine Biology & Technology

More than 70% of our planet is covered by the ocean but the majority of the ocean has not yet been explored. Due to the advancement of technology, marine biologists have been able to research unknown ecosystems and organisms. Find out what types of equipment are being used by scientists and engineers!

Mind Craft

Understanding how the mind works can positively change how you look at yourself and your ability to craft the life you choose. You will learn about the brain, intelligence, emotions, personality and develop life skills to help you be focused, happy and true to yourself, even in the face of stress and challenges. We will be performing a brain dissection, creating artwork, practicing mindfulness and discovering your strengths, personality and dreams for the future.

Nutrition & Fitness

Discover delicious eating habits that will energize your body and boost your mood. Conduct fascinating experiments and discover what we're really eating. Get your heart pumping through invigorating cardio and strength training exercises. Use these 5 weeks to set goals and learn how to crush them!

Secrets of Short Game

Can you get the ball in the hole in the least amount of strokes? This class provides the fundamentals of the shots around the green to lower your scores. Learn to putt, chip, "splash" and swing through innovative golf games and competitions.

GRADES 7-12
Tuesday/Thursday

Communities of Tomorrow

What kind of city do you want to live in and what can be done better in your city? Communities of Tomorrow gives you a chance to dream about your future cities. You and your teammates are in charge of coming up with ideas and bringing them to life. Design your city by building models, developing a project plan, designing your virtual city, researching and presenting your ideas.

Design and Engineering Lab

The Design Process is what turns ideas into creations. Together, we'll learn the process and tools that engineers use to create products that we all use every day! Is there anything you've been wanting to create or redesign? You will work on a project of your choice and turn your idea into a reality!

High Flying Forces

Blast off into the world of an aerospace engineer. In this class you will explore the forces of flight as you build and test your own wing to see if it achieves lift. Assemble different rockets to discover different forms of thrust. Master the concept of Newton's laws of motion to design and build your very own propeller plane, glider, parachute or kite and make it fly high in the sky.

Intro to the Dream Design Develop (D3) Lab

The D3 Lab is the newest edition to the TGR Learning Lab. Members participating in this course will become familiar with the D3 Lab by engaging in various hands-on projects that use different technology such as electronics, software and tools for 3D printing and laser engraving.

Peak Performance

Are you an aspiring golfer who wants to play high school or college golf? Maybe even play professional golf someday? This is the class for you! This advanced golf class will have you learning and trying new things so you can get to the top. You will be learning what it takes both mentally and physically in order to achieve your goals. You will see huge strides in your game through countless drills, exercises and expert analysis.

GRADES 7-8
Monday/Wednesday

Forensic Files

Do you enjoy mysteries and solving crimes? Are you interested in upholding the law or becoming a detective? Forensic Files will fascinate you with evidence, crime scene investigation and careers in the forensic science field. Dust off your fingerprinting skills and take the challenge of solving the crime of the century!

GRADE 11
Monday

SAT Essentials – Get Prepared and Master the Test!

Are you an 11th grader and planning on taking the SAT? Then this class is for you. The best way to prepare for the SAT is in a dynamic, interactive environment. Excel College Prep's approach of integrating the essential pieces of content, strategy, technique, practice and confidence will help you get the best possible score improvement. Practice materials will be provided.

Application

At the TGR Learning Lab, we are focused on opening your mind to potential careers and college majors available to you. We ask that by applying, you understand this is a five-week commitment to yourself and your future. Your next step is to select the courses you would like to participate in. While we cannot accommodate all requests, we will do our best to place you in one of your top choices. After selecting your courses, **please write a personal statement below about why you would like to attend the TGR Learning Lab.** The Expanded Learning Program runs Monday - Thursday from 2:30 p.m. - 5:30 p.m. Courses begin at 4:00 p.m. and end at 5:30 p.m. Parents will need to pick up their child from the TGR Learning Lab no later than 5:30 p.m. ***Please note that incomplete applications will not be accepted.**

Please indicate your top 5 course selections: (place a 1 - 5 on the line)

- Grades 7-12 Courses**
Monday/Wednesday
- EV3 Robotics
 - Marine Biology & Technology
 - Mind Craft
 - Nutrition & Fitness
 - Secrets of Short Game

- Grades 7-12 Courses**
Tuesday/Thursday
- Communities of Tomorrow
 - Design and Engineering Lab
 - High Flying Forces
 - Intro to the Dream Design
 - Develop (D3) Lab
 - Peak Performance

- Grades 7-8**
Monday/Wednesday
- Forensic Files
- Grade 11 Only**
Monday
- SAT Essentials

Please write 4-6 sentences about why you would like to attend the TGR Learning Lab.

If transportation were offered, would you take advantage of it? Yes No

Transportation is being considered for the schools listed below. Please contact the TGR Learning Lab for details.

The Power of Family Engagement

What is Family Engagement?

When families take an active interest in their child's learning, students display a more positive attitude toward school. Children learn best when their parents play a variety of roles in their learning.

- Helping at home
- Volunteering at school
- Planning their child's future
- Participating in key decision making

Middle and high school students whose families remain involved make a better transition and are more successful.

Many educational studies show that when parents & families are involved, students tend to:

- Achieve more regardless of ethnic and/or racial background, socioeconomic status, or parent education level.
- Achieve better grades, test scores, and attendance
- Consistently complete homework
- Have better self-esteem, are more self-disciplined, and show higher aspirations and motivation towards school
- More likely to graduate and go onto higher education

How Can YOU Become Involved?

1. Provide Support and leadership through active engagement in your child's education.
2. Work collaboratively with your school's administration, teachers and your Family & Community Engagement Specialist to learn about all aspects of the school's structure and share this information with other parents.
3. Remember that together everyone achieves more. Continue to support your child's learning at home by working with their teacher's to help them develop good homework and study habits.
4. Talk with your child's teachers and school principal to learn about opportunities to get involved in your school's advisory councils as a method to make your talents, skills, and availability to assist known.

Family & Community Engagement Specialist (FaCES)

In an effort to make sure that we engage all of our student's families and increase their success on their campus, our Family & Community Engagement Specialist (FaCES) is here to help!

Your FaCES at Cypress High School can assist you with:

- Referral to Community Resources
- Various Parent Trainings
- English/Spanish Interpretation Assistance
- Online Aeries Support
- Information and Engagement Opportunities within existing advisory committees like:
 - Local Control & Accountability Plan (LCAP)
 - English Language Advisory Committee (ELAC)
 - District English Language Advisory Committee (DELAC)
- Registration Assistance

OUR SCHOOL VISION

At Lexington Junior High School, we believe that to be successful educators we must create a high interest level in learning and maintain cross-curricular collaboration with enthusiasm for our subject areas. We are dedicated to maintaining high expectations for ourselves and for our students and to utilizing a variety of instructional strategies so all students are actively engaged in relevant learning and are successful in our classes. We set professional goals annually and frequently re-examine our effectiveness through peer collaboration and the sharing of best practices. Our collaborative and enthusiastic spirit maintains our focus on continuous improvement with the intent to help all students achieve academically and socially at Lexington.
