

AUGUST 2, 2020

Hello Lexington students and families,

School starts next Wednesday, August 12th. We are right around the corner and I can't wait!!! For all of you, it's that last full week of summer and you might be busy squeezing in one more trip, going to the beach, or simply winding down. However you are spending your last full week of summer, we need to make sure you are ready for the start of the year and all of your questions are answered. I can imagine that you still have a lot of questions like:

- How to log into G-mail, Aeries, Schoology with your student account?
- How will the school year look like?
- How to get my textbooks, chrome book, materials,...
- How to get my breakfast and lunch?
- How will my classes look?

The following pages are frequently asked questions (FAQ) and step by step instructions for you.

Finally, **New Student Orientation – Welcome to Lion Country is this Friday, 1:00 – 3:00 pm.** During the orientation, our incoming 7th graders and any new 8th graders will get to meet our staff, see our campus, and be ready for the first day of school. This orientation is designed for the students, but parents are welcome to watch it with them. Please be on the lookout for a follow up email with registration instruction for the orientation. It is so important for the student to attend, especially since we will not be able to see you in person.

If we are unable to answer your questions in the following pages and you need additional support. Just call the Lexington Main Office or send us an email. Lexington Main Office: 714-220-4201, Monday-Friday 8:00AM - 4:00 PM

We are here for you!!

7th/8th Grade Physical Education Parent Information Sheet

Welcome to Lexington Junior High School!

We are excited to be part of your child’s educational experience. We know that you may have questions about what PE class will look like for your student. Below are some ideas to help you understand and support your student.

QUESTIONS	Answers
What will my child be expected to do every day?	Just like in a traditional Physical Education class, students are expected to dress out (see section about dress code), learn to move, exercise, and have fun.
What are the differences? <ul style="list-style-type: none"> • Accountability • Timing • Class platform 	<p><u>Accountability</u>- Some activity will take place during synchronous lessons, and students will also be required to be physically active daily. Students have an activity log they will fill out and at times will be required to show video evidence of activity.</p> <p><u>Timing</u>- Students will be assigned class work and activity time for the week and can be done when the student chooses, unless it is during a synchronous meeting in which the class work and activity will be teacher led.</p> <p><u>Class Platform</u>- the class is online and has assignments and students will have to use support programs. (See section on tech needs)</p>
How much physical activity will my child have to do?	<p>The surgeon general along with every major health organization will tell you 60 mins or more EVERY DAY. Even Weekends.</p> <p>We expect the same, because the virtual environment has a lot of benefits, but moving is something that can be missed and there are consequences to our health when we do that, our goal is to help instill the value of exercise and movement as part of our students overall health and wellness journey.</p>

	<p>The 60 minutes a day can happen on a schedule that works best for the student. PE class will have daily physical activities that should take care of 20-30mins of those minutes 5 days a week.</p>
--	---

What kind of technology will my student need?	<p>Any laptop or desktop computer that can record videos and engage in virtual discussions.</p> <p style="text-align: center;">and/or</p> <p>A handheld device that can be used for video taping workouts.</p>
--	---

Is there a dress code? <ul style="list-style-type: none">• Crew Neck T-shirts• Shorts that go mid-thigh• Socks and lace up athletic shoe	<p>YES! Just as in the in-person PE setting a PE dress code is in place, and very important to follow for the safety of our students.</p> <p>All students must dress out for P.E. everyday. This means during synchronous meetings as well as any workout in which the student is videotaping for the class.</p> <p>During PE, students are expected to wear a crew neck t-shirt (gray, blue, black or white) and mid-thigh athletic shorts, or sweat pants (black, gray, or navy). Girls can also wear plain athletic leggings (black, gray or navy). Athletic sweatshirts may be worn during cold weather so long as the student's P.E. uniform is worn underneath. No large logos on sweatshirts.</p> <p>Athletic shoes (non-marking soles) and socks must be worn daily. No sandals, boots or street shoes are to be worn during PE class. Shoes MUST be laced and tied appropriately.</p> <p>Jewelry such as rings, neck chains, bracelets, watches, or dangling earrings are a hazard in vigorous activities common to physical education class and are strictly prohibited!</p>
---	---

What if my child has a medical situation?	<p>The PE teacher should be notified prior to the start of PE classes, in order to ensure modifications are in place for long term medical situations.</p>
--	--

(COVID 19 situations should follow the district policy given at the beginning of the course)

- Always contact the PE teacher, so that we help keep your child safe.

If a student is sick or injured, email the PE teacher about the situation, and the student can be excused for up to **3 days** on the weekly activity log.

If the illness is more than 3 days of the week, a doctor's note is required and should be shared with the PE teacher. The note should indicate how long the student is excused, and what they can **NOT** do. We understand getting medical appointments can be a challenge, the most important thing you can do is email the teacher and keep them informed.

How can I support my child to be successful in this class?

TIPS

1. Make getting a minimum of 60 minutes of physical activity part of your child's daily health check.
2. Incorporate walks, riding bikes, or any other physical activity as part of family time.
3. Chores like cleaning, gardening, washing cars, cooking, washing dishes, folding clothes are all part of a physically active lifestyle.
4. Help students with videotaping and taking pictures of workouts and/or activities

Lexington JH Registration for 2020-2021

Lexington Registration 2020-2021 update:

If you have completed the Aeries information update (phase one), turned in all immunization records and completed free/reduced lunch applications (if applicable)--then you are done!

In an effort to keep our families safe, we will not be holding an in-person Registration. All events will be online. *If you need extra assistance, please contact the main office, and we will make arrangements to help support you. All other activities will be completed once school is in session.*

Here is the information to complete each of these activities online:

- *Support for Online Enrollment: [Aeries Parent Portal Resources](#)*
- *Immunization Clearance: [Immunizations Requirements for School Entry](#)*
- *Free and Reduced Lunch Application link (videos are posted on the Aeries Parent Portal Resources if assistance is needed)*

If these activities are complete, you are ready to start school. *As we get closer to the start of the year, please continue to monitor updates regarding next steps via Monday Memos, emails, social media and website.*
Thank you for your continued support,

Lexington Administration
