

Hello Lexington students and families,

I can't believe how quickly this quarter has flown by. This Friday, Oct. 9, is the end of 1<sup>st</sup> quarter and Monday, Oct. 12<sup>th</sup> is a regular synchronous day. Please remember that on Friday, we are on a minimum day schedule (see following pages for minimum day schedule). I wanted to remind everyone that even though we've been met with many obstacles during long distance learning, our teachers and students have risen to the challenge. I really feel that our teachers and students are hitting their stride engaging students in more and more creative ways utilizing a variety of digital applications in addition to the tools on Schoology: Loom, Nearpod, Kidblog, CK12, Camtasia, Quizlet, Google Suite, Peardeck,... Our students are excelling, and we have continued to put in place student opportunities through programs like CyberPatriot, Lexington Dance Crew, AIME mentoring program, Speech and Debate, ASB, and our ACE program to name a few. Be on the lookout for continued information regarding other non-academic clubs to join throughout the year. In addition, we are offering and making available for all students: tutoring, Sat. Academy for math support, technology support and teacher specific office hours. Even though long distance learning can never really replace in person instruction and we are not without challenges, Lexington is continuing to achieve both academically and culturally. For those that have more questions about the direction we're going, I invite you to a chat with me on Thursday, 9:00am for *Coffee with the Principal*. We are here for you, and as we start entering our last week of 1<sup>st</sup> quarter, remember to breathe, stay healthy, and continue to work hard. Check out these outside solar oven science projects from Ms. Hodgson's Science 7 classes – making s'mores and all sorts of fun stuff:

Have a great week,

Daniel Klatzker

## 2020-2021 PTSA Reflections Contest

My name is Ogechi Ozogu, the Reflection Chairperson for PTSA. This is another time of the year that I will be needing your assistance. I know with distance learning everything is different and new. Please encourage your students to participate in Reflections in any category of their interest. The deadline to drop off their finished work is October 16th. More information about that will come later. I can be reached at [oge1512@hotmail.com](mailto:oge1512@hotmail.com) if you have any additional questions. This information is on the entry form as well. I look forward to working with you.

The poster features a white background with a large green title "I Matter Because..." and the year "2020-2021" below it. A row of six colorful icons (person, speech bubble, book, music note, video camera, and person with gear) is positioned under the year. The background is decorated with a large yellow and orange curved shape and a spotlight icon. In the top right corner, there is a logo for "Reflections" with a stylized "R". At the bottom, a dark blue section contains the text "Call for Entries" and "Deadline For Entries: October 16<sup>th</sup>, 2020". Below this, it says "For Details, Contact: oge.ozogu at oge1512@hotmail.com". At the very bottom, it says "Learn more and get involved! PTA.ORG/REFLECTIONS" and the "National PTA" logo.

NATIONAL YOUTH CYBER EDUCATION PROGRAM

## JOIN THE TEAM AND SHARPEN YOUR CYBERSECURITY SKILLS!

**Start training today for the upcoming cyber defense competition presented by the Air Force Association. You will have the opportunity to learn new cybersecurity skills in a team environment. Apply these skills towards your future cybersecurity career.**

**Check out the CyberPatriot website for more details and registration info!**

The Cybersecurity field is the fastest growing field of all. There are thousands of openings currently in this field and more opening up daily. Lexington JH has a cyber security training team who competes against other schools around the world. Lexington has done very well and consistently beats Oxford Academy and all of the other schools in the district. We are meeting and practicing on various types of computer programs including Windows, Linux, and Cisco to learn techniques used in cyber security (anti-hacking or white hat hacking). We will begin Tuesday 9/22 online on Zoom meetings. Our Zoom meeting will go from 2:30-4:30pm weekly every Tuesday. You must attend the informational meeting AND then training on every Tuesday from 2:20-4:30pm.
