

Hello Lions,

After a lengthy and in depth discussion, Thursday evening last week, AUHSD board of trustees voted to stay in a remote learning through the remainder of the year. Students will continue in the current virtual schedule. (see following pages for remote learning schedule details) As Lexington continues through the rest of the year in this model, we are committed to supporting our students by encouraging students to make connections during remote learning and being mindful of mental health needs. Lexington staff is also committed to continuing our efforts made this year to communicate with families / students and being flexible / compassionate in grading with our students during remote learning. If you are looking for additional support during remote learning, **Lexington Lions Den program** is open to all students. This is a supervised virtual all-day program designed for students to increase student engagement, connection with other students and achieve academic success through motivation and other engagement activities. We are concerned about our students' mental state and have put together a program that will help your child and help you through these challenging times. Please see attached flyer for more details. If interested, please contact the main office at 714-220-4201

Next Wednesday, March. 17th– **Virtual Parent Learning Walk:** Cypress High School and Lexington Jr. High will be cohosting monthly Virtual Parent Learning Walks. Please join us as we observe our virtual classrooms and discuss how to better support your students during distance learning. Be on the lookout for link to the zoom meeting and the time of the event.
